

MAN DIES AS AUTO HITS TREE IN PARK; 5TH AVE. AROUSED

Companion Receives Broken
Leg and Driver Is Held on
Homicide Charge.

Patrolman James Flynn of the Arsenal Station, on duty early to-day at 90th Street and Fifth Avenue, heard a loud crash, followed by screams, on the East Drive of Central Park at 86th Street, opposite the homes of James Speyer and Col. William Hayward.

He found an automobile wrecked about a tree. One man was lying dead in the driveway with his head crushed. The screaming man was under the machine. A third, the driver and owner of the car, Julius Lowenstein, forty-five, of No. 869 West 180th Street, stood in the road crying, "I didn't see the tree."

The dead man was Julius Lowenstein, forty-five, a picture dealer, of No. 101 W. 57th Street.

Taxi drivers and servants from the homes of people in the neighborhood, aroused by the crash and the screams, helped Flynn extricate from the debris of the wreckage Abraham Levy, an interior decorator, of No. 137 East Broadway. Dr. Jenkins of the Knickerbocker Hospital, took him to Mount Sinai Hospital and later he was removed to Harlem Hospital suffering with a fractured right leg and possible internal injuries.

Lowenstein was held on a charge of homicide. Ralph Holwell, an automobile expert of the Police Department, said the machine was travelling at the rate of fifty to fifty-five miles an hour when it hit the tree.

Increases the action of the intestines

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy. In one series of tested cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer.

MRS. BLIDEN, PALESTINE MISSIONARY, DIES HERE

Turned Her Home at Tiberias into
an Orphanage.

Mrs. Flora Bliden, seventy-five, bet-
ter known as Mrs. Dr. S. Bliden, said
to be the first and best known Jewish
woman missionary, died yesterday
of a complication of diseases at the
home of her cousin, Mrs. Ford Wals-
man at No. 1222 50th Street, Brook-
lyn. Mrs. Bliden was born in Con-
stantinople in 1847, the daughter of
Israel Joseph, who later made a tour
of the world with his daughter.

During the reign of Queen Victoria
Mrs. Bliden received a citation
from Prime Minister Gladstone for her
work in Palestine. Her present
home, where her husband is now
practising medicine, is at Tiberias, in
Palestine. Many years ago she turned

her home into an orphanage. Her
last trip to the country, three months
ago, was for the purpose of raising a
fund for another orphanage in Pale-
stine. In 1887 and in 1891 the late
Baron Rothschild furnished funds for
and placed Mrs. Bliden and her hus-
band in charge of the establishment
of two schools in Safed, Palestine.

TWENTY SHOTS FIRED IN POLICE AUTO CHASE

Detectives Nearly Run Down in
Bowery Capture Party in Car.

More than twenty shots were fired
early to-day by two detectives and sev-
eral patrolmen in a chase after an au-
tomobile containing five men, all but one
of whom were arrested and taken to
the Elizabeth Street station. The fifth
man, jumping out of the car, escaped
during the chase.

The prisoners are described as John
Rymen, twenty-two, chauffeur, of No.
821 Tenth Avenue; Raymond Jacobs,
thirty, of No. 43 James Street; Emil
Naleice, twenty-four, of No. 355 West
Twenty-first Street, and John Hinkel,
twenty-one, of No. 792 Eleventh Avenue.
The chase started in the Bowery, near
Spring Street, and ended in Lafayette
Street near Houston. The shots were
fired by Detectives Aichmann and Cor-
coran. After the cars had turned into

Lafayette Street. No one was wounded,
but several of the shots struck the back
of the fleeing car. The detectives say
the five nearly ran them down on the
sidewalk in the Bowery near Spring
Street, then bolted. They command-
eered another car and the chase fol-
lowed.

CALVE WILL NOT CANCEL.

The report that Mme. Calve has can-
celled her tour on account of illness is

denied by her manager, who says only
the last two concerts were postponed
until next fall, owing to a slight indis-
position of the singer. Mme. Calve re-
turned to New York Tuesday. There
has been no change in the plan for her
recital in Carnegie Hall Tuesday eve-
ning, May 4, which will be under the
auspices of the St. Johnland Auxiliary
of Women for the benefit of St. John-
land.

Do you drink "SALADA" OR JUST TEA?

There's a distinct difference in favor of
"Salada"

A TYPIST uses 7000 foot-pounds of energy daily

If you were asked to shovel coal steadily for two
hours, you would probably say that it was im-
possible. You are not accustomed to such hard,
physical labor.

But scientists have proved by extensive tests that
pounding all day on an ordinary typewriter actually
requires just about as much physical energy.

No wonder you are so nervous and tired out
when the end of a long day finally comes!

For you not only have this fatigue to fight,
but a far more deadly one—the irritating,
noisy click, click, click that frays your nerves
and brings about a condition of neurosis, or
nervous fatigue that affects your whole body.

Perhaps you are one who thinks that she has got
ten used to typewriter noise. That is *posi-
tively impossible*. Your nerves hear every
sound. You may force yourself to try and
resist the irritating effects of this noise. That
tires you, too. Finally, your nerves get numb
—and you just feel tired and worn out lots of the
time—you don't know why.

This condition is the cause of sleepless nights—
of nervous ailments—of decreased efficiency—and
of the actual loss of youth, health and good looks!

Fatigue is a Poison

When you get tired, you are literally and actually
poisoned. This poison causes haggard, tired eyes;
flabby necks and wrinkles; "crow's-feet" and color-
less cheeks as well as unhealthy bodies. No girl
wants to lose her good looks any more than her health.

That is Why The Noiseless Makes Such Warm Friends

The Noiseless is the most responsive typewriter
made. The light touch of your little finger writes as
beautifully as the firmer pressure of your first
finger. The keys need only a gentle pressure.
Typing may be done with more ease and less fatigue.

And there is no noise. Your nerves, freed from
the irritating click, click, really take a happy vaca-
tion. You don't bother yourself—nor any one else in
the office, even when talking over the telephone.

Because of its light touch—its quiet and its many
mechanical advantages, The Noiseless is the fastest
stock typewriter in the world. Its work is
exceptionally clean, clear and beautiful.

A Double Benefit

A Noiseless typist not only benefits physi-
cally—but in a business way as well. Dis-
criminating executives are demanding, more
and more, that their private secretaries be
Noiseless operators. They know that it is
impossible to do the best work unless they can con-
centrate. And NOISE interrupts thought as surely
as it disrupts nerves. It impairs efficiency.

Come in and try The Noiseless. Run your fingers
over the responsive keys. Type a letter in its blessed
quiet. And see why The Noiseless is the friend of
the stenographer as well as the executive.

For Home Work

If you do typing at home, or desire to start mak-
ing extra money that way, The Noiseless Portable is
the typewriter you should use. It will not disturb any
one. It is quiet. Its work is beautiful—comparable
to that of a standard machine. In speed, ease of
operation and durability, The Noiseless Portable
leaves nothing to be desired. It is only
4½ inches high and fits in a convenient
case that may be carried anywhere.

We will be glad to show you either of
these two machines. To let you operate
them yourself. We would like for every
girl to realize just how much The Noiseless will really
help her in every way. Phone us at Barclay 8205,
4166 or 9621, or call at our office, 253 Broadway,
New York, N. Y. The Noiseless Typewriter Company.
